

DIRECTIONS FOR MAKING A WIDER SMARTBAFFLE

Note: SmartBaffle is available for 16" rafters (SmartBaffle 16) and for 24" rafters (SmartBaffle 24)

Manufactured by DCI Products

DIRECTIONS TO MAKE A WIDER BAFFLE:

Fig. 1- overlap a portion (half sheet length wise) on top of a full sheet of SmartBaffle. Attach 10 screws 1" long connecting the sheets together. The overall SmartBaffle width size should be 4" wider than the rafter space it will be used in. Once attached bend up the outer 2" flaps so they form a 90 degree bend. Insert into rafter space. Continue with as many as needed ensuring the space distance is the same.
